

The Digital Conversation Pledge

In our increasingly digital world, I recognize that how I use my digital voice matters more and more every day.

And because I want to use this important and unique voice of mine in a way that pleases God, lifts others up, and makes a real difference in this world, I pledge:

- I will pay attention to my digital voice.
- I will lift others up.
- I will be gentle, not harsh.
- I will look for holy moments.
- I will connect with new people.
- I will bless my enemies.
- I will relate wisely with those who don't share my faith.
